Trnsys's laboratory is a shared resource for the university, with research focus on solar system applications. The laboratory provides access to TRNSYS 16, a powerful, simulation modeling tool for the solar energy system. Users are required to have a TRNSYS 16 license to use the TRNSYS simulator, or the TRNSYS Coordinator must be. We also offer access to the TRNSYS 16 simulator itself, in addition to an internet connection. The simulator provides users with the capability to model their own. how the online planner or registered user may fill out a form via the TRNSYS 16 console or may submit a web-based form to view . The sleep-wake cycle of mice was studied in five groups of animals submitted to 1 h daily 60 min naps followed by 15 min isolation; the control, control plus olive leaf extract (1 mg/kg, i.p.), sleep deprived (15 min naps) and sleep deprived plus olive leaf extract (1 mg/kg). The experiments showed that the extract significantly decreased the amount of sleep while increasing the time spent awake. The sleep-activated beta-endorphins were not modified in control animals or animals submitted to sleep deprivation. When sleep was prevented by sleep deprivation the increase of beta-endorphins seen in the other groups was further enhanced. Results indicate that when the sleep-wake cycle is not forced, that is, when it follows its own rhythm, the beta-endorphins seem to act not only during active waking but also during sleep.The video will start in 8 Cancel Get the biggest stories sent straight to your inbox Sign up for regular updates and breaking news from WalesOnline Thank you for subscribing We have more newsletters Show me See our privacy notice Invalid Email Nearly half of Welsh drivers are drinking to excess – and a quarter of them were drunk when behind the wheel last year.
